Request Light	Sun
Leaf Status	Deciduous
Leaf Color	Green
Flowering Period	June
Flower Color	Pink/Red
Fruit Color	Black/Brown

It is native to tropical regions of Asia and may reach up to 15 m tall. In June and July, their fragrant, light pink small flowers are in bundles, with showy stamens much longer than the petals. Albizzia likes sunny or half-shadow positions. With its flowers and leaves, it is an attractive and fast growing ornamental tree. They may be planted solitary in parks and gardens.
